Refund and Cancellation Policy

Note: Refunds are calculated using total hours (270).

The student has the right to cancel and obtain a refund of charges paid through attendance at the first-class session, or the seventh day after enrollment, whichever is later. Specifically, the student has a right to a full refund of all charges if he/she cancels within the first week of training. There is no registration fee. This is a 100% prorated policy. In addition, the student can cancel at any time after the first week trial period and receive a refund as follows: During the first week trial period the refund will be 100% or \$7,200.00. After the trial period, the refund will be based on an hourly rate of \$26.66 per hour. For example; student attends class for 50 hours and leaves for illness reasons. the refund is calculated as follows: $50 \times \$26.66 - \$7,200.00 = \$5,867.00$. Any monies paid on the student's behalf will be refunded to the organization that paid the tuition and fees within 30 days. **The student is entitled to a refund of moneys not paid from federal student financial aid program funds.** Cancellation will occur when the student gives written notice to the institution at the address listed above. This written agreement may take any form, if it indicates the student's desire not to be bound to the agreement. Cancellation is effective if delivered by mail, hand delivered, or sent by telegram. The written notice of cancellation, if sent by mail, is effective when deposited in the mail properly addressed with postage prepaid. The student will be given a Notice of Cancellation form for use on the first day of instruction.
